THE PARKSHORE CONDOMINIUM

RULES HANDBOOK

INTRODUCTION

These Rules are intended to provide a practical framework for everyday living that will help to ensure mutually comfortable surroundings, security, prestige and the value of your investment at The ParkShore.

The ParkShore Rules govern the conduct of all residents and persons on The ParkShore property at the invitation or permission of any resident. All residents are legally obligated to observe all of the provisions of the Condominium Declaration and By-Laws, as well as the Association's Rules. Each unit owner and resident is responsible for the conduct of family members, guests and lessees. To the extent that the provisions of applicable law, the Declaration and By-Laws, and the Rules are in conflict, the provisions of applicable law control first, followed by the provisions of the Declaration and By-Laws, and then by the Rules.

As a matter of fairness to all unit owners and residents, the Rules will be enforced by the Board of Directors of The ParkShore Condominium Association (herein "Board") in accordance with the Board's powers and duties. The rules, remedies and procedures set forth are not exclusive. The Association, acting through the Board, may, in addition to or instead of such rules, remedies and procedures, and at its sole discretion, take any action or utilize any procedure provided or allowed at law, in equity or in the Declaration and By-Laws.

While it is Management's responsibility to maintain the comfort, security, and effective functioning of our Association through the implementation and enforcement of The ParkShore Condominium Association's governing documents, all residents share this responsibility. Residents should feel obligated to help promote a positive community environment by supporting the governing documents, reporting circumstances that disrupt a comfortable and secure environment, and offering suggestions when changes are needed.

ADVERTISING / SOLICITATIONS

Notices, signs, advertisements, or solicitations may not be posted in any Common Element, Limited Common Element, or delivered to residents' doors except by management. Notices, signs, advertisement, or solicitations may be posted as allowed in the bulletin rules.

ANIMALS

1. Only dogs, cats, birds, tropical/goldfish, and other usual household animals which are of a breed or variety commonly kept as household animals in first-class condominium buildings located in Chicago may be kept in a unit, provided they do not constitute a nuisance to other residents. Except for aquarium fish, no more than two (2) household animals may be kept in any unit at any one time. Under no condition may an animal be kept for breeding or for any other commercial purpose.
2. Residents who keep an animal assume full responsibility for any personal injury or property damage caused by their animals, and shall indemnify and hold harmless the Association and its agents for any loss or liability arising from animals kept in their units. This responsibility extends to animals owned by or in the custody of guests of the resident.
3. All animals as defined in paragraph 1 above must be registered with Management. Proof of current inoculations and compliance with City ordinances will be required, and file photographs will be taken of the animal owner(s) and the animal(s). A fee to cover the cost of registration will be set by the Board. Visiting animals must also be registered with Management, and the maximum limit of two animals per unit must be maintained.
4. Animals are permitted only in Common areas of the property as needed to transport them to and from or within the building. Animals are not allowed in the lobby areas between the elevator landing and the front entrance. Any animal owner entering or exiting the building from the Plaza level with their animal must enter or exit the building only through the door on the south side of the Plaza level. The south side door is accessible to/from the freight/service elevator through the rear lobby exit corridor beyond the main elevator lobby.
5. Residents must use the large freight elevator, service elevator or stairwells to transport animals. In those instances when there are mechanical problems (freight and service elevators not operating, or south or P4 level doors not in service) or in emergency situations, rules prohibiting animal traffic in passenger elevators and the lobbies will be temporarily suspended, as necessary, until normal operations are restored.
6. Animals must be carried or on a leash sufficiently short to prevent jumping onto, or at, other persons or animals. Animals are not allowed to run loose on, or be tied to, any portion of the property.
7. Animals are only allowed on the Plaza to access the Pet Relief Area or to exit/enter the South access door to/from the driveway circle.
8. The fenced-in area of the ParkShore property on the north side of the Plaza level, accessed via the south door on the Plaza level, is designated as a pet relief area.
9. Animal relief is prohibited on all other ParkShore property; this prohibition includes the walls or any portion of the building for relief.
10. Each animal owner is responsible for picking up their animal's solid waste.
11. If an animal eliminates waste anywhere on the ParkShore property, the owner is responsible for the clean up and immediately notifying management about the accident in the event a deodorizer or additional clean up is needed.

Two exceptions to the short term rental rule exist. Second, upon written application to the Board; the Board may grant a hardship exemption from the one-year lease term requirement. Hardship exemptions are rarely granted and will not be considered unless the Unit Owner is current on all assessments and other fees levied by the Association. The Board has the sole discretion to approve all applications for hardship leases, and the decision of the Board shall be binding upon the Unit Owner.

The following rules also apply to all leases and subleases:

1. The lessee under every lease and sublease shall be bound by and subject to all of the obligations, under the Declaration, By-Laws, and these Rules. Any lessee's and/or sublessee's failure to comply therewith shall constitute a default under the lease and/or sublease, and the breach shall be enforceable by the Board or the Association, and the lease and/or sublease shall be deemed to expressly so provide. Depending on the severity of the infraction, the Board or the Association shall have the right to terminate the occupancy of the lessee and/or sublessee.
2. The Unit Owner is not relieved from complying with Declaration, By-Laws, and these Rules. The Unit Owner's inability to recover damages from their lessee or sublessee shall not excuse their payment of any fine levied by the Board or be used as a reason for not terminating the lease and/or sublease.
3. Each and every lease and sublease of a Unit Ownership shall be in writing and the Unit Owner leasing the Unit Ownership shall deliver a copy of the Signed lease and sublease to the Board within ten (10) days after the lease is executed and prior to occupancy.
4. Occupancy shall not be allowed prior to the Unit Owner providing the management with proof of insurance that complies with the coverage requirements set forth in these rules and covers damage to the common elements and/or other units that might be caused by the lessee and/or sublessee.
5. All leases and subleases are subject to the move-in/move-out fee in effect at the time the lease/sub-lease is approved.

DIRECT VOTING RULE

Adopted Tuesday, April 27, 2004

In all elections for board members, voting will be conducted exclusively by means of an Association-issued direct voting ballot ("Ballot") in accordance with the following procedures and timetable. As authorized by Section 18(b)(9) of the Illinois Condominium Property Act, voting by proxy is not permitted.

Preliminary Notification of Annual Meeting: A preliminary notification of the annual meeting will be distributed to each Voting Member approximately 60 days before the annual meeting (but not less than 21 days before Ballots are distributed). The preliminary notification will establish a single deadline (the "Deadline") for candidates to provide the Management Office with (a) written notice of their intent to run for election to the board, and (b) biographical and background information on one side of a 8.5" x 11" sheet of paper. The Deadline will be no more than 7 days before Ballots are distributed to Voting Members.

Candidates and Biographical Information: The names of all candidates who provide the Management Office with written notice of their intent to run for election to the board by the Deadline will appear on the Ballot. The Ballot will also provide space for votes for write-in candidates. All Candidates who submit biographical and background information to the Management Office in the prescribed format by the Deadline will have copies of that information distributed with the Ballot.

Distribution of Ballots, Notice and Biographical Information: A Ballot will be distributed to each Voting Member approximately 21 days (but not less than 10 days or more than 30 days) before the annual meeting, together with official notice of the annual meeting and copies of biographical and background information timely submitted by candidates in the prescribed format.

Submission of Ballots: Voting Members may submit completed Ballots in any of the following ways: (1) in person at the annual meeting, (2) by depositing a Ballot in the Ballot box in the building lobby at any time until one hour before the annual meeting, or (3) by delivery to the Management Office (or another location specified on the Ballot) by personal delivery, U.S. Mail, over-night delivery, messenger delivery, fax or email attachment, so that the Ballot is received at least five hours before the annual meeting. Ballots received after the close of voting shall not be counted. A replacement Ballot will be provided by the Management Office to a Voting Member upon request. Submission of a replacement Ballot will void and supersede any Ballot previously submitted for that unit.

Ballots Must be Signed: In order to verify the status of the Voting Member casting a Ballot, each Ballot must be signed by the Voting Member. Any Ballot submitted without the signature of the unit's Voting Member will not be counted.
